

This is regarding the recently televised hearing on C-Span on ownership rules. Please do NOT change them. You need to roll them back but since I know that is not going to happen then DON'T change them. I agree with the private citizens who spoke and some of your panelists to include Ms. Riskin, Mr. Rintels, Mr. Swartzman, and Mr. Bozell. And why isn't this important change in the ownership rules being covered on the news channels, talk radio, or newspaper headlines? Hmmm-as I see it the Big 6 have too much to lose--you know it-I know it. Thank you for your time.
